| EXTINGUISHING MEDIA:   | :   Water, water spray, foam, carbon dioxide or dry chemical   |                              |            |                        |  |  |  |  |  |
| FIRE & EXPLOSION HAZARDS:  | Not Applicable   |                              |            |                        |  |  |  |  |  |
| FIRE FIGHTING INSTRUCTIONS:  | Thermal decomposition of fabric coating may cause irritating smoke and fumes. See section 10 for additional information.         |                              |            |                        |  |  |  |  |  |
| FIRE FIGHTING EQUIPMENT:   | Fire fighters should wear appropriate protective equipment including NIOSH approved respirators.                                 |                              |            |                        |  |  |  |  |  |
| Section 6. Accidental Release Measures   |  |                              |            |                        |  |  |  |  |  |
| SPILL OR LEAK:   | Spills should be cleaned up with a vacuumed or by a wet sweeping technique.  Do not use compressed air. HEPA filter recommended. |                              |            |                        |  |  |  |  |  |
| Section 7. Handling and Storage  |  |                              |            |                        |  |  |  |  |  |
| Store in dry place. Avoid direct sunlight and wear appropriate PPE for your situation. |  |                              |            |                        |  |  |  |  |  |
| Section 8. Exposure Controls / Personal Protective Equipment                           |  |                              |            |                        |  |  |  |  |  |
| VENTILATION:   | Mechanical ventilation recommended for process machinery where dust generation is expected.                                      |                              |            |                        |  |  |  |  |  |
| RESPIRATORY PROTECTION:  | Where dust levels exceed the TLV, use an NIOSH approved respirator and PPE against nuisance dusts.                               |                              |            |                        |  |  |  |  |  |
| SKIN PROTECTION:   | Wear protective cotton gloves, overalls and reduce skin exposure areas.  |                              |            |                        |  |  |  |  |  |
| EYE PROTECTION:  | Wear safety glasses, to minimize eye contact during cutting operations.  |                              |            |                        |  |  |  |  |  |
| EXPOSURE GUIDELINE (S):  | Avoid generating dusts and if PEL is exceeded use PPE, barrier creams and suitable clothing to avoid nuisance dusts.             |                              |            |                        |  |  |  |  |  |
